

Dear Parent/Guardian,

It is wonderful to know that your son/daughter has chosen to participate in our annual Palomar Mountain Christian Camp. Our prayer is that your child will draw closer to our Lord and the cross of Calvary by something that is said or done during camp. We are very excited about this year's camping experience for your camper(s).

Each summer, young people come to camp and make a decision to follow Christ. The death, burial, and resurrection of Jesus Christ is the essence of the gospel message. God wants everyone to respond to this grace through faith (I Timothy 2:4-5; Ephesians 2:8-10). We pray the week your child is in camp that the Lord will use us to teach the message of God's love, mercy and grace.

This letter is our way of emphasizing the importance of baptism in a young person's life and making sure that you as parents/guardians are part of that decision. We will make you aware of your child's decision prior to any immersion. Time will be provided for questions, study, and visits with you and your child to ensure they understand the purpose of baptism and the ramifications of dying to self. Please provide an accurate recall number (home, cell, work) and any appropriate comments/instructions regarding the possibility of their conversion to Jesus Christ during camp. If you would rather them wait until they return home for more instruction, teaching, etc, please specify in the comments.

Completing the information in this letter is just as vital to us as the medical release forms. We cannot overemphasize the importance of having this completed letter at camp. Please complete this form during your registration process: on-line or in your downloaded camp packet. We will have blank copies of this letter available during check-in if you forget to complete prior to arrival at camp.

We consider it a blessing and privilege to share the Christian camp experience with your child.
